

EnVisible Media

Capability Statement

In the information era it's too easy for your brand to be invisible.

EnVisible is the opposite of invisible. We envision video production as a tool to highlight your story.

As veteran independent *film-makers*, we emphasize classical cinematic techniques. As *technophiles* we explore the latest technological innovations. As *creatives*, we endeavor to evolve the artform.

We are global citizens and our messaging is worldwide. We explore new places, peoples and ways-of-life to gain new *insight and inspiration*.

OUR SERVICES

Full Service Video Production:

Our team consists of experienced creatives and visual storytellers.

Project Consultation: We offer consultation for creative content development, advertising and marketing.

Product Videography: For brick and mortar local business and e-commerce.

In House Studio: Fully equipped and customizable for a variety of projects.

Cinematic Production: Independent film, artistic and experimental video.

OUR METHOD

Innovation

We interview you to better understand your goals AND your audience.

Collaboration

We start every project with an eye toward creativity.

Accessibility

We involve you at each step of the creative process.

Dedication

We emphasize communication, transparency and inclusion.

Education

We deliver with follow through consulting with you on the future of your brand.

We are excited about YOUR ideas and develop you as a co-creative.

OUR GEAR

*From Drones to Cable Cams, Gimbals to Motorized Sliders
Macro Lenses to Telephoto, Dollies to Dynamic Lighting,
